

## Key information about the home

This document relates to the **new model shared ownership scheme**.

Shared ownership rules can vary depending on what rules were in place at the time the home was funded or planning permission granted, where the home is located and whether the homes is for a specific group of people.

Homes built specifically for people over the ages of 55 are sold on the Older Persons Shared Ownership (OPSO) scheme. They have some key differences to normal shared ownership.

The scheme which applies to your home is shown in white in the table below.

## Additional features of Older Persons Shared Ownership homes

<b>Scheme Lease Type</b>	<b>Older Persons Shared Ownership</b>
<b>Feature</b>	If you reach 75% ownership you no longer have to pay rent.
<b>Maximum % share you can own in future</b>	75%
<b>Additional restrictions</b>	For over 55s only

The **minimum initial share** will vary depending on the home; discuss with the housing provider for more detail. For more information see section 1, 'How shared ownership works' in the 'Key information about shared ownership' document.

When you are looking for shared ownership homes, you should always check the Key Information Document to see which model covers that specific home.

When you buy a home through shared ownership, you enter into a shared ownership lease. The lease is a legal agreement between you (the 'leaseholder') and the landlord. It sets out the rights and responsibilities of both parties.

Before committing to buy a shared ownership property, you should take independent legal and financial advice.

This key information document is to help you decide if Older Persons Shared Ownership is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference. This document 'Key information about the home' is a summary and you should consider the information in 'Summary of costs' and 'Guide to shared ownership' before making a decision.

This does not form part of the lease. You should carefully consider the information and the accompanying lease, and discuss any issues with your legal adviser before signing the lease.

Failure to pay your rent, service charge or mortgage could risk your lease being forfeited and your home being repossessed. The costs in this document are the costs as at the date issued. These will increase (typically on an annual basis) and you should take financial advice on whether this will be sustainable for you.

When you reach 75% ownership, there is no rent payable on the remaining 25% share.
